

TRANSFORMING YOUR KITCHEN

EXETER SPRAY CENTRE

Thank you for contacting the Exeter Spray Centre.

This booklet will give you an understanding of what services we offer and how we can transform your kitchen to look like new again.

When looking to update a kitchen most people actually already have good, well made cabinets. Unless you are planning a big remodel of the kitchen it's not cost or time effective to simply throw these into a skip.

Instead by having the current kitchen resprayed we can transform this space to look like new once again. Some of the advantages of having a kitchen sprayed by the Exeter Spray Centre includes:

- Up to 90% cheaper than having a complete new kitchen installed.
- Less mess - No skips or dust.
- Trades only in your home for a few hours, not weeks.
- You can still carry on using your kitchen as we only remove the doors and drawers. You don't even need to empty your cupboards!
- No limit on your colour choice, you can pick any colour or sheen you want.
- Hard wearing paints used which are specially designed for areas with heavy use.
- Professional, friendly service from start to finish.
- Different packages to suit all budgets and timescales.
- Did we mention it was much cheaper!

Kitchen packages

We offer four different packages for kitchen spraying. Each designed to meet your budget, how fast you would like the work to be undertaken and how much or little you would like to do yourself.

	 BRONZE	 SILVER	 GOLD	 PLATINUM

Average wait time to start date:	2 weeks	2 Weeks	4 weeks	6 weeks

BRONZE PACKAGE

Most suitable for:

Small kitchens with little or no in situ painting ✓

Customer with basic DIY skills ✓

Lower budget ✓

Happy to transport the kitchen ✓

Kitchen items are removed and brought directly into the spray centre by you.

We prepare the surfaces including filling any unwanted handle holes and defects. Fully rub them down and wash in a degreaser.

Items are primed in a specialist primer which adheres to all kinds of wood and vinyl wraps.

After final filling and lightly sanding, items are top coated in the chosen colour and sheen level, using a hard wearing coloured lacquer. This paint is formulated to provide outstanding resistance to abrasion, wet and dry heat, spirit solutions and a wide range of household chemicals.

Once items are dry they are collected and refitted by the customer.

SILVER PACKAGE

Most suitable for:

Small - medium sized kitchens with some in situ painting ✓

Customer with basic DIY skills ✓

Customer with good painting skills ✓

Lower budget ✓

Happy to transport the kitchen ✓

Kitchen items are removed and brought directly into the spray centre by you.

We prepare the surfaces including filling any unwanted handle holes and defects. Fully rub them down and wash in a degreaser.

Items are primed in a specialist primer which adheres to all kinds of wood and vinyl wraps.

After final filling and lightly sanding, items are top coated in the chosen colour and sheen level, using a hard wearing coloured lacquer. This paint is formulated to provide outstanding resistance to abrasion, wet and dry heat, spirit solutions and a wide range of household chemicals.

Once items are dry they are collected and refitted by the customer.

The Exeter spray centre will supply you with the paint and tools required to undertake the hand painting of the areas of the kitchen that could not be removed. This normally includes the side panels and inner frame of the cupboards.

The package includes 1 litre of primer, 1 litre of top coat (the same paint that we spray with) a mini roller set with tray, a 1/2 inch brush and a 2' brush. The required sandpaper and tact cloth.

GOLD PACKAGE

Most suitable for:

Small - Medium sized kitchens with in situ painting ✓

Customer with basic DIY skills ✓

Would like all the painting to be done for them ✓

Would like the kitchen items transported for them ✓

You remove the kitchen items and have them ready for us to collect.

We attend your home and undertake all the hand painting to the areas that could not be removed, such as the side panels.

We transport your kitchen safely to the spray centre for spraying. We prepare the surfaces including filling any unwanted handle holes and defects. Fully rub them down and wash in a degreaser.

Items are primed in a specialist primer which adheres to all kinds of wood and vinyl wraps.

After final filling and lightly sanding, items are top coated in the chosen colour and sheen level, using a hard wearing coloured lacquer. This paint is formulated to provide outstanding resistance to abrasion, wet and dry heat, spirit solutions and a wide range of household chemicals.

We return the kitchen to your home and complete any of the hand painting. You refit the kitchen yourself.

PLATINUM PACKAGE

Most suitable for:

Medium - large sized kitchens with in situ painting ✓

Customers that would prefer the full service including removal, hand painting, spraying and refitting ✓

We attend your home and remove all the kitchen items and undertake all the hand painting to the areas that could not be removed, such as the side panels.

We transport your kitchen safely to the spray centre for spraying. We prepare the surfaces including filling any unwanted handle holes and defects. Fully rub them down and wash in a degreaser.

We return the kitchen to your home and complete any of the hand painting. We refit the kitchen and ensure everything fits correctly. If required fit new handles.

Frequently asked questions

What happens next?

If not done so already, email us some photos of your kitchen and we will be able to submit a price for you. On agreeing the package you would like and the cost we will book you in with a start date. No deposit is required.

What paint do you use?

We use a very specialist paint called AC or PU. This paint is formulated to provide outstanding resistance to abrasion, wet and dry heat, spirit solutions and a wide range of household chemicals.

What colour and sheen can I have?

Most customers pick from the Farrow and Ball paint chart but you can have any colour. We can even do 2 different colours. Our most popular sheen levels are 20% semi Matt or 40% Satin, however we can do any sheen level from 5% dead Matt up to 100% wet look gloss.

Is the work guaranteed?

Yes against any problems with the paint or our workmanship for one year.

How long does it take?

Work is normally completed within 7-8 working days.

Can I have new handles?

Yes. Just let us know and we will fill any unwanted holes and refit the new handles. You just need to supply them.

WHAT OUR CUSTOMERS THINK

Positive: Professionalism, Punctuality, Quality, Responsiveness, Value

We have used Exeter Spray Centre for smaller items like tables etc. I didn't realise that they did much bigger jobs. We just had our 16 year old kitchen resprayed and it looks amazing. It looks totally different and the finish and colour are superb. they came when they said they would and completed on the date given. I have already recommended them. Thank you Rob and Sean for a great job.

Positive: Professionalism, Punctuality, Quality, Value

Very happy to give Exeter Spray Centre 5 stars - thank you to Rob and the team for the professional service. Bookcase looks fab, and the delivery collection and delivery was spot on ...almost to the minute of agreed time. I rang around for other quotes as this was a large item of furniture and Rob was able to give the best quote. Reliable service would definitely recommend.

I've just had my kitchen resprayed by Exeter Spray Centre. I'd spent ages wondering what to do with my tired but solid oak cupboards. I'm so pleased I took another Fb users recommendation. Rob did everything exactly as promised within the exact time frames and at the cost he'd quoted. No nasty surprises - unreasonable waits just professional professional professional. To say I'm pleased is an understatement. Thank you.
